Happenings on the Pacific Slope.

PACIFIC COAST CHIEF GAINER.

Judge Lovett Takes Wide View of Panama Traffic.

PROMISE OF LOWER RATES.
Southern Pacific attorneys secure postponement of hearing of petition for fare reductions. (BY DIRECT WIRE TO THE TIMES.)
SAN FRANCISCO, Aug. 26.—A promise of lower passenger rates between San Francisco, San Jose and the Southern Pacific Company today, appeared before the railroad commission this morning. After the reading of a complaint against the Southern Pacific, an adjournment was taken to permit a 30 day postponement of the hearing of a compromise offer. It was announced that the afternoon session, the hearing upon the petition, that the Southern Pacific was acting in good faith.

H. D. Hornaday; Ely, L. L. Tower; Gardnerville and Minden, W. A. J. M. Johnson; Las Vegas, E. A. Reno, W. A. Kelly; Sparks, W. A. Semeco, J. H. Harty; to be supplied, Wellington, Yreka, Inyo, Tuscadero.

ANNIHILATING DISTANCE.
Mare Island Navy Yard Speaks for First Time by Wireless with Pribilof Islands. (BY A. P. NIGHT WIRE TO THE TIMES.)
VALLEJO (Cal.), Aug. 26.—The first direct communication between the Mare Island navy yard and the Pribilof Islands, was established today. The operators conversed freely over the distance of 2100 miles. The station recently was overhauled and the command of Lieut. Edw. H. Dodd. The party has been in Alaska three months.

DUTY AND DEATH.
WIFE DIES NURSING HUSBAND. (BY A. P. NIGHT WIRE TO THE TIMES.)
HERKULEY (Cal.), Aug. 26.—[Exclusive Dispatch.] The wife of Prof. Thomas R. Bacon, a member of the faculty of the University of California, died yesterday of heart disease at the family residence here. Prof. Bacon was not at the death of his wife for fear the shock might prove fatal.

IDENTITIES SUSPECT.
SAN FRANCISCO, Aug. 26.—[By A. P. Night Wire.] Ralph Baill, a night on suspicion of being one of the men who held up a San Mateo county banker's wife and several employees on the morning of August 14 and robbed the house of jewelry, positively identified by one of the victims, Frank Panatella.

MAID KILLED, MISTRESS HURT.
UKIAH (Cal.), Aug. 26.—[By A. P. Night Wire.] A child, Mrs. Rose, wife of Attorney Ross, was killed and Mrs. J. J. Centro, Cal., was seriously injured today when the automobile in which the three, and the three Ross children were riding, went over the edge of a grade eight miles north of here.

BOY DROWNS IN CHANNEL.
STOCKTON, Aug. 26.—[By A. P. Night Wire.] Charles Williams, a 13-year-old boy of this city, was drowned this afternoon, while swimming in the Stockton channel. The accident was witnessed by several companions.

THE ROAD TO HEALTH.
OAKLAND (Cal.), Aug. 26.—[By A. P. Night Wire.] Supposedly dying of tuberculosis, E. F. Raikes, a business up a tooth and is now on the high road to recovery.

CHURCH FIGHTS SOCIALISM.

Cardinal Farley Will Direct Campaign of Catholics which Opens with Labor Demonstration.
NEW YORK, Aug. 26.—Under the direction of Cardinal Farley, the Catholic church of New York City will join next Sunday evening in a great labor demonstration, the first in a campaign against socialism, estimated to take part have been more than 100,000 laboring men.

Cardinal Farley is said to have in mind the establishment of a college of labor and has concluded that the working man should be educated to handle the labor cause intelligently. He hopes that this move will eventually prove to be a solution of the labor problem in this country.

HOLDS NINE FOR RANSOM.
French Commander Holds Two Bodies of Moore, But Has Insulted Troops to Rescue Captives. (BY CABLE AND A. P. TO THE TIMES.)
CARA BLANCA (Morocco) Aug. 26.—The Frenchman besieged at Marnah, whom it is ascertained after his evacuation by the French forces, El Hachemi, entered the city and proclaimed himself Sultan. Despite he is said to be friendly, Kaid el Marnah, the Vice-Consul, Jacques St. Malgret, over to the pretender, who now holds them as hostages. The Frenchmen are said to be protected by a special guard of 200 Hiba's men who guardly would massacre the Christians prisoners.

Col. Mangin, commander of a French column, is fighting his way in the direction of Marnah and has formed a junction with Col. Joseph's forces after routing in battle two tribesmen who left their standards and considerable ammunition in the hands of the French.

It is estimated that 20,000 men will be needed safely to undertake the march and to attack Marnah, while Col. Mangin has not more than a fourth of that number.

HELPERS FOR MORRISON.
British Journalist Who Is Political Advisor to China Leads to Altar. (BY CABLE AND A. P. TO THE TIMES.)
LONDON, Aug. 26.—Dr. Geo. Ernest Morrison, hitherto correspondent of the Times in Peking, was married today to Miss Jeanne Robin, a native of New Zealand, who formerly lived in China.

Dr. Morrison returns immediately to Peking to take up his duties as political advisor to the Chinese President of the Republic.

WOMEN'S WILSON CLUBS.
Los Angeles Member Addresses Session at San Francisco. (BY A. P. NIGHT WIRE TO THE TIMES.)
SAN FRANCISCO, Aug. 26.—Members of the Women's Wilson League of the State met here today and discussed the principles and issues of the Wilson campaign. Mrs. C. W. Moore, president of the San Francisco branch of the league, presided at an afternoon meeting, presided at which the delegates were Mrs. Imogen W. Hughes of Los Angeles, W. H. Morrison, candidate for district, and Thomas E. Haydon, candidate for the Democratic party.

The delegates were entertained at a luncheon at a local hotel.

The Cut and the Style

are everything in a Suit of Clothes. The correct cut insures a correct fit, and the right style indicates the prevailing fashion. We give you a correct fit and the latest style, combined with the choicest fabric. Yet, though our work is of the very highest grade, we are most moderate in our charges. Give us a trial.

Police Raid

IN NEW YORK.
INSPECTOR GOES OVER THE HEAD OF PRECINCT CAPTAIN.

District Attorney Promises to Make Public Today the Names of Persons Who Own Property Alleged to Be Used for Improper Purposes.

After two of Dwyer's men had entered the place a day or two ago and found a poker game in progress, warrants were procured and tonight the police captain of the precinct and led the raid himself.

A man who described himself as many decks of cards, poker chips and tables were procured.

Police Commissioner Waldo promised tonight to make public tomorrow a list of the names of the owners and bing-houses and other resorts. This list, according to information obtained at police headquarters today, contains the names of men in high social and financial circles.

The District Attorney would tonight the ownership of the alleged illegally-used property has been established was made known today to a representative of the District Attorney.

This proposed prosecution of owners of illegal places is said to have been suggested by Justice Goff, as, in his belief, this would be one of the most effective weapons that could be employed to clean up vice in New York City.

(BY A. P. DAY WIRE TO THE TIMES.)
ATLANTA (Ga.) Aug. 26.—Col. C. C. Wilson, 57, former president of the United Wireless Company, died late last night at the United States penitentiary here, where he was serving a three-year sentence for using the mails in an attempt to defraud. Uranium poisoning was given as the cause of the colonel's death.

DEATH CAME SUDDENLY.
Col. Wilson was stricken while reading in the prison library last night. Prison officials said he had been in good health up to yesterday. The colonel's young wife, to whom he was married just before his conviction a little more than a year ago, has been notified.

Col. Wilson began serving his sentence on August 23, 1911. He was taken to New York last May by one of the prison guards to testify in bankruptcy proceedings instituted against the United Wireless Company. Several postponements of the case kept him in New York for more than a month, and it became known that the guard was allowing him a great deal of personal liberty during that period. Instead of being kept in the Tombs, he was permitted to stay in a private house. On one occasion, it is said, he was seen near his former haunts in Wall street.

The Department of Justice took notice of these reports and instituted an investigation. The guard was dismissed and early last month Wilson was returned to Atlanta prison.

SPENDS MILLION IN FOUR YEARS.
BY A. P. NIGHT WIRE TO THE TIMES.
NEW YORK, Aug. 26.—Col. C. C. Wilson's death leaves his financial affairs still unsettled and a tangle of litigation growing out of the failure of the United Wireless Telegraph Company, of which he was president, to be adjusted.

After his incarceration the colonel was brought here several times to testify in bankruptcy proceedings and in May last he produced a schedule showing how he spent more than a million dollars in four years. He testified that although worth half a million dollars in 1911, his wealth had shrunk to a gold watch and a pair of cuff links.

GIRL'S HOUSE IS GUARDED.
Inmate Man's Escape From State Hospital Leads to Fear He Will Revenge Himself on Young Woman.
(BY A. P. NIGHT WIRE TO THE TIMES.)
STOCKTON (Cal.) Aug. 26.—Word reached Stockton tonight that Moto Moyas, who was recently committed to the State Hospital at Napa, from this city has escaped from that institution.

Moyas annoyed a young girl here by his attentions and was adjudged insane. He swore vengeance upon the girl's family and the officials who conducted the case. It is feared Moyas will attempt to make good his threat against the home of the girl being guarded tonight as a matter of precaution.

LUMBER HEARING POSTPONED.
SEATTLE (Wash.) Aug. 26.—(By A. P. Day Wire.) The taking of testimony in the government's anti-trust suit against the Northwestern Lumbermen's Association, which was to have begun today, was postponed until tomorrow to await the arrival of Judge Milton D. Parry of Minneapolis, chief counsel for the defendants.

WANTS A WARRANT FOR CONTINENTAL SECRETARY.
(BY A. P. NIGHT WIRE TO THE TIMES.)
SAN FRANCISCO, Aug. 26.—Pending a decision by Judge De Haven, the status of the much-involved Continental Building and Loan Association will remain precisely where it was last week.

In the absence of Judge Van Fleet today, Judge De Haven, sitting in the United States District Court, listened to arguments, that the temporary injunction restraining George S. Walker, State Building and Loan Commissioner, from liquidating the affairs of the association, be dissolved. Judge De Haven reserved decision.

FERJURY CHARGE.
State Building and Loan Commissioner George S. Walker said tonight he would arrest a warrant tomorrow for the arrest of William Corbin, secretary of the Continental Building and Loan Association, which Walker is seeking to have declared bankrupt.

Walker declared the complaint charging Corbin with perjury in connection with the annual report of the association to be finished early tomorrow and that he immediately would take it before a police judge and seek the warrant.

CONFLICT OF JURISDICTION.
In the arguments today on the temporary injunction, Attorney R. P. Hendon, representing the association, urged that the injunction be made permanent on the ground that the Federal Court alone had authority. Assistant Attorney General, H. H. Hendon, contended that it was the duty of the State authorities to take charge of the property and hold it pending the settlement of the question as to which court shall superintend the liquidation of the assets.

PITH OF THE DAY'S NEWS FROM THE MIDDLE WEST.
(BY DIRECT WIRE TO THE TIMES.)
CHICAGO BUREAU OF THE TIMES, Aug. 26.—(Exclusive Dispatch.) Northeast wind, traveling twelve miles an hour, brought relief to suffering Chicago this afternoon. The morning had been a continuation of Sunday's fierce and stifling heat, when three persons died. Of the 107 burial permits issued Sunday forty-one were for babies, a majority of whom died from heat. The maximum temperature was 84 deg. and the minimum 67 deg. Other temperatures:

HONOR AMONG ROGUES.
(BY A. P. NIGHT WIRE TO THE TIMES.)
LEAVENWORTH (Kan.) Aug. 26.—Richard Osborn's loyalty to a comrade prevented his escape from the state penitentiary here. Osborn had reached the top of the 20-foot wall which surrounds the penitentiary

POSTOFFICES CLOSE SUNDAY.
No More Mail Matter to Be Handled Out on the Sabbath.

(A. P. DAY WIRE TO THE TIMES.)
WASHINGTON, Aug. 26.—All first and second class post-offices will be closed on Sunday as a result of one provision of the new postal appropriation bill passed by Congress and signed by President Taft. Every important city in the United States is affected. Hereafter only special delivery letters will pass through on Sunday and no mail will be placed in lock boxes. Postmaster-General Hitchcock has directed the expenditure of almost \$1,000,000 in promoting clerks and carriers in first and second class post-offices, and assistant postmasters. Several thousand employees in all will benefit. The promotions date from July 1. Promotions of railway mail clerks will be made September 1 and of rural mail carriers September 30.

It is estimated that although worth half a million dollars in 1911, his wealth had shrunk to a gold watch and a pair of cuff links.

PAY NO HEED TO AMERICANS.
NICARAGUAN REBELS STARVING FEDERAL PRISONERS.

Gunsboat Vicksburg Has Hole Punched in Her Bow by Propeller, and Cruiser Cleveland Ordered to Corvinto to Accompany Damaged Vessel to Mare Island.

(BY CABLE AND A. P. TO THE TIMES.)
WASHINGTON, Aug. 26.—No word directly from Managua has been received here since last Thursday, but that is attributable to the cutting of the wires on the line of the railway from the capital to the sea by small bands of insurgents.

At last advice, the government forces were working slowly down toward the coast from Managua and communication was expected to be re-established between Corvinto and Managua within the next forty-eight hours.

VICKSBURG HAS HOLE IN HULL.
The gunsboat Vicksburg, scouting off the coast from Managua, was hit by the revolutionists, has put into Magdalena Bay with a hole punched in her hull by a broken propeller. The cruiser Cleveland, ordered to Nicaragua, will bring the Vicksburg into the Mare Island navy yard. The Cleveland ought to reach Magdalena Bay about September 1. She is now in Puget Sound. The Vicksburg is in immediate danger.

The cruiser Des Moines will sail from Boston on September 6 to Mexico ports in the east coast to watch the situation. The vessel will stop at Vera Cruz, Tampico and other ports. It will be commanded by Commander Charles R. Hughes, transferred from the scout cruiser Birmingham.

STARVING PRISONERS.
Senor Joaquin Cuadra Zavala, secretary of the Nicaraguan legation here, learned today that his father and his uncle, prisoners of Gen. Menzies, the rebel leader, had been imprisoned in Leon and are being slowly starved to death to satisfy the hunger of a member of the Cuadra family. Minister of Finance in the Diaz Cabinet.

SENATE INVESTIGATION.
Senators Lodge, Bacon and Clarke of Arkansas today formed a committee to investigate under the Bacon resolution, the landing of the American forces in Nicaragua.

PAY NO HEED TO WARNING.
GERMAN KILLED AT MATAGALPA. (BY CABLE AND A. P. TO THE TIMES.)
MATAGALPA (Nicaragua) Aug. 25.—Notice that the American forces in Nicaragua will restore peace has been sent to Gen. Vaca, the rebel leader at Leon, by George T. Weitzel, United States Minister here. The leader of the revolution, Gen. Luis Mena, was given a similar notification, but during the entire outbreak the insurgents have hitherto paid no attention to the protests and letters of the foreign diplomatic and consular representatives. A foreigner of German nationality has been killed at Matagalpa. The government abandoned the fortress at Leon, which they had used as headquarters and from which they had sent two unsuccessful expeditions against the town itself, which is held by the rebels.

LOGGING CAMP LUNcheon.
San Francisco Business Men of Flying Legion Are Having Time of Their Lives Across Border.

(BY A. P. NIGHT WIRE TO THE TIMES.)
VICTORIA (B. C.) Aug. 26.—James Rolph, Jr., Mayor of San Francisco, who headed the "flying legion" in its visit to this city, left for home today, amid the cheers of the members of the legion and scores of Victoria citizens who accompanied him to the train. He is accompanied by his southern secretary by Representative Director Glavin. They reach San Francisco Wednesday evening. The "flying legion" will remain here until Wednesday, when they will depart for Vancouver, Tacoma, Seattle and Portland, where elaborate receptions have been planned.

The visitors were taken on a fifty-mile automobile ride to the Sook Mountains today where they were the guests of a lumber company, and were tendered a typical logging camp luncheon. Walter R. Webster presided and speeches were delivered by Rev. W. F. Clappitt, Robert Newton Lynch and Gen. A. Carnegie Ross. The "legion" will be the guests of a fuel company at Nanaimo tomorrow.

THE BIGGEST IN THE PATCH.
(By Federal Wireless Line to the Times.)
ST. CROIX (Tex.) Aug. 26.—(Special Dispatch.) Sixty-six railroad employees sat down to a banquet consisting of one gigantic watermelon here today and all had their fill. The melon, one of the largest ever raised in the United States, weighed 148 pounds and came from the farm of J. J. McKnight, a cottonseed conductor who has a patch of enormous melons near Tyler.

LOS ANGELES MAN SINGS.
(BY A. P. DAY WIRE TO THE TIMES.)
BURLINGTON (Iowa) Aug. 26.—The liquor traffic is the cause of the high cost of living and of most of the remainder of serious problems, declared Eugene Chaffin, prohibition candidate for President, in an address Sunday. Mr. Chaffin spoke in a theater during the afternoon, and at night addressed an open-air meeting in City Hall Park. He was assisted by Charles H. Stacey of Los Angeles, who sang campaign and temperance songs.

SEVEN HURT IN EXPLOSION.
(BY A. P. NIGHT WIRE TO THE TIMES.)
MILWAUKEE (Wis.) Aug. 26.—Seven men were injured, three probably fatally, when a gas tank exploded at a machinery plant late this afternoon. The tank building was wrecked.

WHY PRISON LABOR IS DEAR.
(BY A. P. NIGHT WIRE TO THE TIMES.)
TOPEKA, Aug. 26.—One day's freedom for each day they work at building roads for the State is what Ward Codding of the Kansas penitentiary, has asked Gov. Stubbs to give State prisoners. The governor has the power to grant this request through being able to commute sentences. "It costs more to hire guards for the prisoners who build roads than it would cost to hire laborers," Ward Codding said.

bor Commission last Saturday against

the granting of the franchise and recom-

mendation that the city build the

line will be submitted to the Council.

Harbor Commissioner Gordon is work-

ing out a plan whereby the municipal

railway, when constructed, will form

a belt line serving the industrial dis-

trict by the forming of a loop in the

road and by means of spurs, giving

a service connecting with all trans-

continental lines that will center here

through the harbor road. Gordon

may submit his plan today.

President Shoup of the Pacific

Electric declared yesterday it is im-

material to his company whether the

franchise is granted over San Pedro

or Los Angeles streets. He said that

unless traffic conditions on Main

street are relieved in the near fu-

ture Los Angeles merchants will be

boycotted by persons living in the

suburban cities and towns.

ALWAYS BLOCKED.

"This is a serious matter," said

President Shoup, "and demands im-

mediate attention and action. We

have tried in every conceivable man-

ner to get a franchise on San Pedro

street so that we could run our in-

terurban cars that way, but we have

been hindered, attacked and blocked

at every step. It doesn't make any dif-

ference to this company where the line

is built—all we want is a street and

we'll build the line. It isn't a matter

of dollars and cents to the Pacific

Electric, it's simply a matter of re-

lieving the congestion and giving our

patrons first-class service. Our in-

come will not be increased one penny

if this franchise is granted—in fact,

it will cost us more than \$100,000 to

construct a line from Aliso street to

Ninth street.

"The matter is out of our hands

now and it's up to the city to get

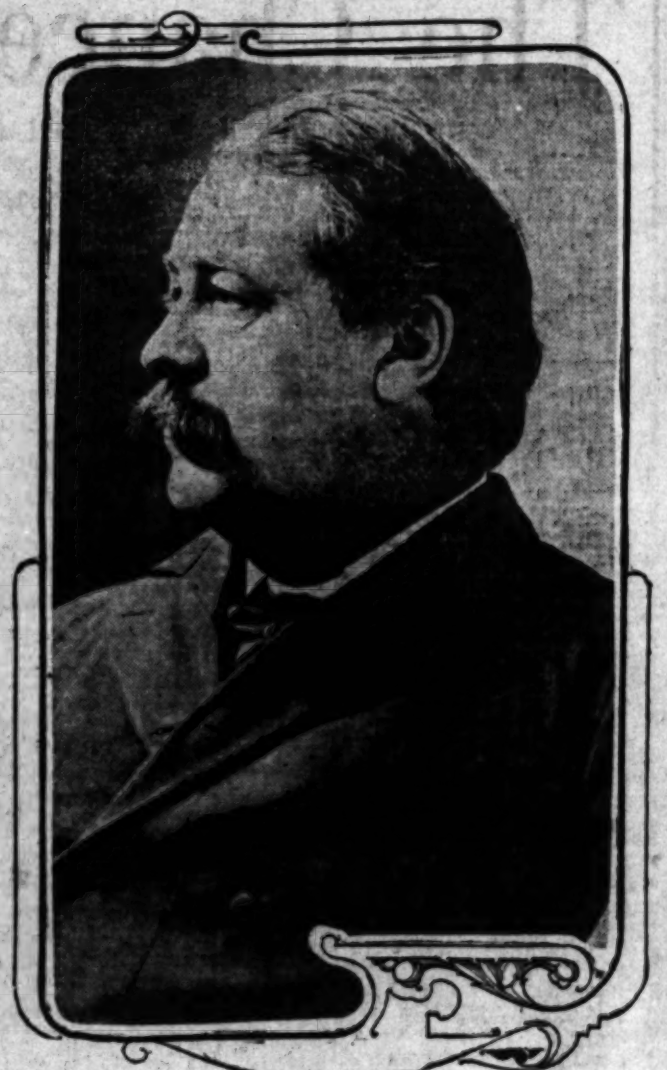

some action. I have received numer-

ous complaints from prominent men

in Pasadena, Monrovia and other

towns. They declare they will boy-

Hercules Cleaning Stables of Roosevelt.

Moses E. Clapp.

Chairman of the sub-committee delegated to probe deeper into Roosevelt's demands for money from Standard Oil and other corporations. Mr. Clapp is a Senator of Hercules build and frame and just about able to manage a broom large enough to clean out all the cobwebs from the third tier pretender's brain habitat.

PEAROSE TO STIR NATION.

(Continued from Second Page.)

Chilton and Clarence W. Watson of West Virginia was made in a petition signed by Gov. Glasscock and others presented today to the Senate through Senator Gallinger, presiding officer. The petition called attention to charges of bribery publicly made in reference to the election of the two West Virginia Senators. A request for the reading of the petition was made by Senator Penrose. When the document had been partly read, Senators Bailey and Bacon objected to the printing of the allegations in the public records of the Senate before they had been investigated by the Committee on Privileges and Elections.

A MODERN DEVILSHOOT?

Man Charged With Having Induced Girl to Lead Gypsy Life in Jail at Santa Maria.

Tales of the life of a gypsy with its freedom from care and no thought for tomorrow, are said to have been the means of luring two young Los Angeles girls away from their homes, finally culminating in the arrest of Percy Welch, a Los Angeles horse dealer, and the detention of Nola McDonald, the 17-year-old daughter of Charles F. McDonald, No. 1403 Central avenue, while they were camped on the road 100 miles north of Santa Barbara, near Salinas. When Sheriff Stewart of Santa Barbara swooped down upon the camp he found the girl, Welch and a man named Thomas Burns, who had with him three children. The other girl, Dolly Griffith, No. 1246 East Thirty-fifth street, who had left Los Angeles with the party, according to her own story, managed to escape from Burns and Welch with the aid of an old farmer, to whom she appealed for aid. Miss Griffith is now at her home. McDonald, father of Nola, said last night that the Griffith girl asserted she escaped from the two men last Thursday and that on Saturday she appeared at his home and told him his daughter had tried to get away from Welch but that he forcibly detained her.

"My daughter was lured away from home by Welch more than a week ago," said McDonald. "The girl was innocent and Welch painted the life of a gypsy so vividly that she consented to go with the party. Burns and Welch started from Los Angeles with two wagons and some horses which they intended trading on their tour. Welch is married but his wife deserted him a few months ago."

"I finally learned where the party was through the Griffith girl. She said they had camped along the road and had fished and hunted as they went along. She said that Nola cried when she left camp and started to go with her but that Welch caught her by the arm and held her. I wrote to the Sheriff of Santa Barbara and he said he would locate the man and place Welch under arrest. I swore out a warrant for Welch and he was taken in custody Saturday morning."

Welch is in jail in Santa Maria. A Deputy Sheriff left Los Angeles yesterday with a warrant and will bring him back here today.

McDonald, father of Nola, said last night that the Griffith girl asserted she escaped from the two men last Thursday and that on Saturday she appeared at his home and told him his daughter had tried to get away from Welch but that he forcibly detained her.

"My daughter was lured away from home by Welch more than a week ago," said McDonald. "The girl was innocent and Welch painted the life of a gypsy so vividly that she consented to go with the party. A Bank of Character

Every financial institution—just like every individual, builds a character. With some this character develops early. It is well marked by the time the individual or institution is "of age". This Bank is now completing its twenty-second year—and assuredly its Character has given it a peculiar and most enviable position in Los Angeles.

The "German American" is not the largest bank in Los Angeles, though one of the largest; but it has the reputation of being our most conservative institution—and in the matter of Service to Depositors, it is perhaps the most progressive.

The personnel of our Employees is such that our Depositors and Customers feel "at home" when doing business with us—feel that they are known, that we are interested in them and appreciate their business.

Our Officers make it a point to become personally acquainted with Depositors whenever possible. They are easy to "get at" and talk with—no foolish ideas as to "dignity" or "position" are ever entertained.

The "German American" has built a Character for SAFETY, for SERVICE, for COURTESY—

Thousands upon thousands of Los Angeles people realize this, and respect the integrity and high attainment of this institution.

Accounts opened at Four and at Three Per Cent interest, the latter with checking privileges under restrictive restrictions. Money loaned on Collateral and on approved Real Estate. Trusts executed. Superior Safe Deposit Facilities. A branch in New York and other interesting towns arranged by our Stenographic Department.

German American Trust and Bank
SPRING V FOURTH STS. LOS ANGELES

\$160,000.00 to Protect Small Investors

Over \$160,000.00 is ready to protect the small investors of the Los Angeles Investment Company. This is the Guarantee Fund, held and managed by the Globe Savings Bank. This is enough money twice over to absolutely guarantee every Los Angeles Investment Company stockholder who comes under the Fund's protection.

The Guarantee Fund gives every small stockholder in this Company as positive a guarantee as it is possible to devise, that he cannot lose money on his investment, and that he can get his money back if he wants it and when he wants it.

Small stockholders are absolutely protected in the Los Angeles Investment Company—a feature which has made it the most astounding success in its line in the world.

Every Small Stockholder in This Company Absolutely Guaranteed

The Guarantee Fund is the strongest protective feature ever devised for the benefit of the small stockholder.

The history of the Guarantee Fund is interesting. The original Fund amounted to but a few dollars. It was donated over sixteen years ago by stockholders of the Los Angeles Investment Company, all of whom are now wealthy through purchasing the Company's stock. Year by year the Fund has been increased by donations and by its earnings; the increase the last year being over \$100,000.00, or more than 180 per cent. The increase the last month has been more than \$80,000.00 by donations alone.

The Guarantee Fund has one object—that of protecting from loss those who purchase from the Los Angeles Investment Company not more than 500 shares of its stock. It absolutely guarantees every small stockholder. Up to the present time it invariably has bought all stock offered to it, paying spot cash for stock handed it for sale. The Guarantee Fund is in no way an offer to "try to sell" your stock, to "list it" for "re-sale," or to try and "find a buyer" for it. It has the money ready—\$160,000.00.

The Guarantee Fund probably never will have a more severe test than it underwent in the panic of 1907, when it amounted to less than \$10,000. But it purchased then, for spot cash, more than \$105,000.00 worth of stock, buying every share offered to it. To date the fund has purchased for cash a total of \$1,150,000.00 worth of stock.

Managed by the Globe Savings Bank

The management of the Fund and its sole control rest with the officers of the Globe Savings Bank of Los Angeles. By the terms under which it must be managed, it purchases stock from the smallest stockholder first. By so doing, the smaller investor is absolutely protected. Protection is placed on the man who needs it most.

It is believed by the officers of the Bank that the Guarantee Fund is sufficient to meet every future demand. The five hundred share limit eliminates all the larger stockholders, and only a comparatively small part of the stock remains to be protected. Again, those who have held the stock for about three years or longer, have made in dividends and increase in value almost as much as their original investment, so they cannot lose money. Also, thousands of shares of stock have been transferred or sold outside of the company and therefore are not protected.

As a further guarantee, any officer of the Los Angeles Investment Company will give any small stockholder wishing it, a signed guarantee to protect him from loss through his investment. This, and the Guarantee Fund, make a double guarantee for every small stockholder in this Company.

Under the protection of the Guarantee Fund, Los Angeles Investment Company stock is the safest investment on the market today for the small stockholder.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.
Santa Ana.
NEW PROJECT IS INDICATED.
Promoters File Articles of Incorporation.
Los Angeles Men Capitalize Concern for Millions.
Martin to Defend the Gordon Bennett Cup.
AUG. 26.—A project to build a 100-mile railway from Colton to the Pacific Ocean, through Riverside, Santa Ana, Orange, and Oceanside to San Juan, is the purpose alleged in the articles of incorporation of the Southern Beach Railway Company. The articles, filed here, state the capital stock is \$2,000,000, of which \$100,000 is subscribed, \$100,000 is to be paid for by the five directors, M. L. C. Foster, M. Smithwick, J. W. C. Foster, W. D. Gilman, and W. D. Gilman, and \$149,000 by M. L. C. Foster. Santa Ana is named as the principal place of business. The five directors are in the business directory as civil and mechanical engineers.
It is known concerning the project of the company here, except the articles state. The station is to be located on the right of the road as in the documents. Under the articles the company is "incorporated, organized, and established, and is to have any other power for carrying out its purposes."

San Diego.
CITY IS BROKE YET HAS MONEY.
San Diego Council Scrambles for Operating Expenses.
Eight Hundred Thousand Dollars Lies Idle.
Winter Baseball League Now Practical Certainty.
[BY DIRECT WIRE TO THE TIMES.]
SAN DIEGO, Aug. 26.—[Exclusive Dispatch.] With \$800,000 lying idle in the city treasury, the members of the City Council are scrambling around blindly to find means by which \$10,000 may be obtained to run the Health Department for the rest of the year and \$10,000 for the conduct of the public library.
Lively argument was started in Council meeting today when Councilman F. E. Woods, commissioner of finance, suggested that the public buildings fund be tapped for the health board requirement and the salary fund for the library needs. Other Councilmen immediately protested and stated that they were looking for alices from their funds for their own departments. A final compromise was made by which the library will receive \$10,000, whereas an actual fact it will cost \$20,000 to close the library year without a deficit.
Action was postponed until Monday. Finance Woods insists that the health board and library must be provided with funds and will stand pat. The other members vainly determined to hold to their determination to get for their various departments all they can irrespective of the needs of the two departments in distress.
WINTER BASEBALL.
W. H. Palmer returned from Los Angeles this morning and announced that the winter coast baseball league is assured. The teams to be represented will be San Diego, the Chicago American Giants and the McCormick's and Tuf-Lyns teams of Los Angeles.
SIX PROPOSALS.
Six proposals to handle the city's garbage were presented to the Council today. Action will be taken on a report to be made by a special committee composed of Councilmen Woods, and Dr. F. M. Mend, city health officer.
The Pacific Disposal Company offers to build and equip a reduction plant and to operate the same for a consideration that the city is to pay fifty cents a ton for all garbage disposed of.
J. J. Walton submitted two bids: to build a four section McGuire patent incinerator he asks \$11,000 and for a six section plant he asks \$11,000.
E. K. Herbert of McKeesport, Pa., proposes to furnish plants and erect for the city a forty-ton incinerator and destructor for \$11,000.
The San Diego Sanitary Reduction Company offered to continue its present contract, which was for five years, providing the city will pay for each driver and team used in the collection of garbage \$7 a day.
TO ADVANCE RATES.
A temporary order advancing water rates charged consumers served by the Cuyamaca Water Company was issued today by John M. Eshelman, State Utility Commissioner, who has been hearing complaints against the company filed by water users of La Mesa and adjacent territory who claimed the service was inadequate and the rates too high. The commissioner classified the consumers under three headings, and the increase was in proportion to the quantity of water used by purchasers. He directs that the money raised by the advance in rates shall be expended in improving the system so as to meet the immediate demands of consumers.
DYNAMITE STOLEN.
Another theft of dynamite committed, the police believe, by persons who are either planning outrages in San Diego or an invasion of Mexico, was discovered today. This time ten pounds of the explosive was stolen from a storage place near the Plaza where it was kept in small quantities by G. E. Gabrielson, a contractor, who uses it in blasting in an excavation for a new building.
This is the second theft of dynamite reported within three days, the first being the theft of 100 pounds of dynamite from the grading camp at Otay. So far the police have no clue to the thieves.
TO BEGIN CRUSHING GRAPES.
Redlands Winery Will Convert Eighteen Hundred Tons of Fruit Into Wine—Start New Season.
REDLANDS, Aug. 26.—The crushing of grapes will begin at the Brookside winery September 1. It is anticipated that at least 1800 tons of grapes will be made into wine before the season shall have seen its close.
The vines are heavily laden in this section and there is every prospect that the quality will be good. Zinfandel will be the first to be harvested, to be followed in turn by the Bergers, muscats and muscats.
NEWS BRIEFS.
Steel Stewart, son of Seth Stewart of Redlands, has been appointed principal of the High School at Altadena. He is a graduate of the local High School, and recently completed a course at Westminster College, Fitchburg, Mass., where he received honors. While a student here, Stewart attained distinction for oratorical accomplishments and also from the fact that when he attended school here he did not miss a day's attendance for fifteen years.
John Byrne, a laborer at Bryn Mawr, arrested several weeks ago for an alleged assault upon his 14-year-old daughter, was yesterday sentenced to one year in the penitentiary. Byrne pleaded that the crime was committed when he was intoxicated. When first arrested Byrne was placed in the jail at Bryn Mawr, and the neighbors became so aroused that it was believed a lynching was in prospect, and the prisoner was taken to the county seat.
John Goucher, locally known as "Shorty," was committed to Patton yesterday for six months, in an endeavor to break his bad habit of drinking, which has been held of him. The police say they have had considerable trouble with him recently.
Francisco Marquis, a Mexican, wanted for battery upon the person of Mrs. Anna Hernandez, was captured yesterday at San Bernardino. He will have his trial later. The woman claims that when she presented a check to the bank, he became abusive and rudely pushed her out of his way.
LAND BRINGS FANCY FIGURE.
Ventura Man Sells Two Hundred Acres of Uncultivated Property for Two Hundred Thousand Dollars.
Oxnard, Aug. 26.—One of the largest land deals closed in some time in this section was consummated today when 200 acres of ranch land owned by A. Levy was sold to Charles and Myron Gill for a consideration of \$100,000. The ranch is located between this city and Satsuma and the price secured is one of the highest figures for uncultivated property ever brought in this section. It will be set out to walnuts and fruit.
COUNTY WANTS AID.
Ventura county is going to make an attempt to have the government assist in paying for the proposed road from Kern county to this section. The fact that the road will give a path to the government reservation and will also be a great aid in case of fires in the mountains it traverses are features which will be presented to the government as arguments.
TO KEEP IN TOUCH.
In order to keep their American factories in close touch with all the European innovations in the sugar industry the American Beet Sugar Company officials announced today that A. M. Dupont, superintendent of the local factory, had been appointed to make a trip to all of the big European factories. He will leave as soon as this year's campaign closes and return this city and Satsuma and the price secured is one of the highest figures for uncultivated property ever brought in this section. It will be set out to walnuts and fruit.
JUVENILE ROBBERY.
Upon the shoulders of one more child, the city has been charged with a hold-up. The arrest today of three local boys has resulted in the discovery that they grabbed a man named "Whitey" while he was intoxicated and rifled his pockets. The oldest of the trio is 18. They are Vernon E. Baker, Bill Kohnman and Vance Sutton.
They were turned over to the juvenile authorities today.
DR. POWERS IS COMMEMORATED.
Freemason Health Officer Uniquely Commemorates the Work of the Los Angeles Official—News Briefs. [BY DIRECT WIRE TO THE TIMES.]
FREMONT, Aug. 26.—[Exclusive Dispatch.] That the Los Angeles Health Department is one of the most capable organizations in the country and that Dr. L. M. Powers, health officer, has handled the infantile paralysis situation in a creditable manner in spite of the fact that his work was discredited by the Los Angeles Tribune and the Christian Scientist, was the statement made by Dr. W. T. Burke, county health officer, who returned today from the southern states where he has been for the last few days studying the methods used by the doctors in fighting infantile paralysis.
A death having occurred here from the disease, Dr. Burke will recommend to the Board of Supervisors that the portrait of the late Dr. Powers be placed in the hall of the Los Angeles health authorities as there is still fear of an epidemic here.
NO TELEPHONE WEATHER.
Vineyardists throughout Fresno county during the picking season will be informed of the weather reports over the long distance telephone by Forecaster W. E. Bennett. Already arrangements are being made with public-minded men in different localities and they will receive the report over the toll line and then telephone it to their neighbors. This service will begin September 1 and will continue throughout the picking season. Thousands of dollars' worth of damage that has been done to fruit in trays by a little sprinkle of rain or any advance notice of showers is therefore of great value.
FIRST ARREST.
Armed with a search warrant Constable E. A. M. Webb and a force of deputies tonight swooped down on the Italian Hotel in Redley, near Fresno, and seized 216 quarts of claret, twenty-five quarts of beer and other bottled intoxicants. The hotel, owned by a man in Fresno, was the scene of a public-drifted man in different localities and they will receive the report over the toll line and then telephone it to their neighbors. This service will begin September 1 and will continue throughout the picking season. Thousands of dollars' worth of damage that has been done to fruit in trays by a little sprinkle of rain or any advance notice of showers is therefore of great value.

Specific Blood Poison
Specific Blood Poison usually begins with a tiny sore which is the only outward evidence of its presence, but down in the blood the treacherous poison is at work and soon its chain of symptoms begin to crop out. The mouth and throat ulcerate, sores and ulcers appear on the body and the glands in the groin swell. Mineral medicines cannot cure the system to break out afresh later. S. S. S. goes into the circulation and removes the last trace of the infectious virus, tones up the stomach, bowels, kidneys and all portions of the system, and thus makes a perfect and lasting cure. S. S. S. is made of roots, herbs and barks and does not contain a particle of mineral or other harmful drug. Thousands have cured themselves of Specific Blood Poison by the use of S. S. S. It will cure you if you will give it a trial. Special Home Treatment Book and any medical advice free to all who write.

MAN DIES OF THIRST ON DESERT NEAR EL CENTRO.
[BY DIRECT WIRE TO THE TIMES.]
EL CENTRO, Aug. 26.—[Exclusive Dispatch.] Messrs. Carter and Simpson, two Fish Creek prospectors, found the body of a man on the desert eight miles west of New River while en route to Imperial Valley yesterday. Coroner Parker of El Centro was notified and he immediately proceeded to the place and an investigation proved the man had died from thirst and had probably been dead ten days.
The man was five feet three inches high, probably 15 years old and wore a black felt hat and dark coat. He had removed his coat and shoes and had left these articles with him.
AN UNKNOWN.
Miss Hays, a woman who was found dead in the desert near El Centro, was identified as the daughter of a man who had been missing for some time. The man was last seen at El Centro and was believed to have been on his way to the desert. The woman was found in a state of extreme dehydration and was believed to have died of thirst.
WATER FOR BIG TRACT.
Samuel Foreman, one of the purchasers of the big Byrne tract, near the Relief Hot Springs, in the San Jacinto Valley, has filed an \$800 contract with the city of El Centro for water for the tract. The water is designed for use on the tract which has lain dormant since the days of the padres and the sheep herds.
MOVES 70,000 TONS.
Laborers are at work today at the plant of the Riverside Portland Cement Company in removing earth brought down by a big blast of dynamite, and which it will require six weeks to handle. Two tons of dynamite, representing a cost of \$450, was used in the shot, which lifted 70,000 tons of rock. The holes, which were placed nine feet apart, were drilled to a depth of seventy feet.
AFTER GUN MAN.
Deputy Sheriff Nelson left this afternoon for Los Angeles, where he will take into custody Morin Lopez, wanted for the shooting of a fellow countryman on the night of August 15. In an altercation with Jose Martinez, Lopez used his gun, shooting Martinez in the right leg and fracturing a bone.
NEW PHYSICIAN DIRECTOR.
Miss Helen Maurer, who during the summer months had charge of a class in physical training at Battle Creek, Mich., has been secured by the Board of Directors of the Y.W.C.A. for the position of physical director. She has received several flattering offers in the East, but prefers to accept work in Southern California, since her mother resides at Pasadena.
Final week Ohlmeier's Band this week at Coronado.

WESTERFIELD CLOTHES

Dr. Jinzo Naruse, President and founder of the Japan Women's University, who is making a world tour, inspecting women's educational institutions. He is the guest this week of prominent Japanese in this city. Photo by D. Hyken S. N. Takagi.

That woman should receive the same educational advantages as men and taught to be self-confident and self-assured is the opinion of Dr. Jinzo Naruse of Japan, who arrived here yesterday on a world tour for the study of woman's training. He believes that moral as well as mental superiority is secured by education, but that women are not yet competent to vote. For the present he is opposed to woman's suffrage in Japan.

Dr. Naruse is a Harvard graduate and is the president and founder of the Japan Women's University, the first and largest university for women in the land of the cherry blossom. He will remain in this city for a few days as the guest of prominent Japanese and will then go East. He intends to visit the women's colleges and universities of this country with view to getting ideas for the benefit of the university in Tokyo. Afterward he will spend about four months studying conditions in European universities.

He was met at the Arcade depot yesterday by a score or more of leading Japanese business and professional men, including Dr. and Mrs. K. K. Iseki, G. Yuna, president, and J. A. Ono, secretary, of the Japanese Society of Los Angeles. Dr. Naruse is a student in Tokyo under Dr. Naruse and during a part of his stay in this city he will be her guest.

NO WOMEN FOR WOMEN.

"I don't believe it is time yet for women to vote in Japan," he said last night. "Perhaps, some time, but that is a long way in the future. The Japanese university is making splendid progress, but we have 110 students now and some of them are taking the same subjects contained in the American university courses. We have adopted some ideas from American institutions, but our most important departments would be considered as original and are original with our faculty."

The Association Concordia, which has been organized in connection with the university, has for its purpose the promotion of the progress of civilization by internationalism, with special reference to the solution of the various intellectual problems with which civilization is confronted. The association will soon begin the publication of a quarterly which will be devoted to the study of the various problems in the fields of religion, philosophy, ethics, sociology, education and literature.

"I believe Japanese women are as quick to grasp universal subjects as any in the world. If American women are superior it is because of their superior advantages. Japan's educational system is being improved rapidly and is already on a high plane."

Dr. Naruse is 52 years old and his life has been devoted thus far to the education of women. When a young man of 20 he was impressed with the deplorable condition of women of the conditions in Japan. He believed then and does now that debauchery and immorality are the product of ignorance and lack of education. Women's influence lies at the center of a nation's life, he says, and is the foundation of its strength. He has been a well-directed effort to promote the welfare of the nation by educating its women.

A reception and banquet were tendered to Dr. Naruse at Levy's last night at which about thirty prominent Japanese were present.

A has in Bag.

HYSTERICAL MUSIC IS
GAGGED BY BIG CAFES.

NO LONGER will your flit migrate be served to the syncope strains of King Chanticleer. No longer will you be induced to ravenously devour your pate de foie gras by the fact that "Everybody's Doing It."

And no longer will the notes of "Fiddle Up" interfere with the proper enjoyment of things gastronomic, for the edict has gone forth that from now on, henceforth and forever more, all playing of ragtime music or other so-called pervasions of syncopeated rhythm must cease in the cafes and grills of the larger downtown hotels.

The order is sweeping and includes the Alexandria, Angelus, Van Nuys and Lankershim hotels. With one fell swoop the managerial arm of ragtime music was banished into the limbo of things undesirable.

Almost from time immemorial has it been the custom for the very latest spasm in ragtime music to be hurled at the guest as he or she entered the hotel to dine or to discover some new tourist hotels. The newer the better sprang up between the leaders of the various orchestras in the different hotels to seize or discover some new syncopeated fandango that would cause the feet of the guests to begin to shuffle. In fact so great became the emulation between the orchestras that all other music was forgotten.

The hotel managers have for some time been in receipt of numerous polite notes from discriminating guests suggesting that a smaller deluge of ragtime would be acceptable.

But as long as other hotel grills and dining salons entertained their guests while dining with ragtime each hotel manager postponed the day when he would abolish the catchy tunes.

The action last week of representatives from all of the Women's Clubs of Southern California at Santa Monica in denouncing ragtime and their determination to begin an active campaign to put a stop to the spread of the tunes brought the matter to a head with the hotel managers, and in unison and without previous consultation ragtime was abolished yesterday from their dining places.

Herr Joseph Reichl, the maitre d'hotel of the Alexandria, is an enthusiastic supporter of the movement to abolish ragtime and has established the action of the hotel in putting an end to syncopeated music.

Herr Wilson, who is in charge of the cafe of the Van Nuys, stated yesterday that ragtime had been abolished from the programme of the Van Nuys orchestra and that it will not appear again.

The orchestra at the Angelus will devote its time and efforts to rendering appropriate works of the old masters hereafter. The Lankershim orchestra will also confine itself to more serious efforts.

Fred Phillips, a negro, who was shot by Horace Jackson, during a riot in the Van Nuys, died yesterday morning at the County Hospital. No inquest will be held. Jackson fired the first shot, one of which lodged in Phillips' brain. The latter took the gun from Jackson and shot him through the heart. Phillips was operated upon at the Receiving Hospital. His wounds were such that he never had a chance to recover. His operation simply prolonged his life.

Figure in Strange Tragedy of Wealth

Mrs. Grace Taggart Miles? Here from St. Joseph, Mo., she says she can prove conclusively that she married Joseph T. Miles, son of millionaire Joseph H. Miles of this city, a few days before the young man shot himself to death in an Oakland hotel ten days ago. Members of the Miles family are investigating.

WIDOWED BRIDE
CAN'T EXPLAIN.

Unable to Account for Her
Husband's Suicide.

Man's Father Says He Wants
Proof of Marriage.

Investigating Son's Tragic
Death in Oakland.

"I am Mrs. Grace T. Miles, widow of J. T. Miles, and as such should receive any consideration due," declared a quiet little woman, dressed in a black and white suit, wearing a white veil and a black picture hat, trimmed in alpacas, as she sat with her friend and adviser, Miss Ethel Francis, in the parlor of the Angelus Hotel, where she has been staying for several days past, without general knowledge of the outside world as to her identity.

She made no wild claims or startling assertions and seemed in a predicament as to what to do in the final of the bitter tragedy in which her reputed husband of only a few days committed suicide in the St. Marks Hotel in Oakland.

"I can't really tell you anything because I don't know what to say," she stated as her voice quivered and her dark eyes filled with tears.

"Joseph T. Miles and I were friends of three years' standing, having met in Kansas City. Later we met in St. Joseph, Mo., my home city, and then again on this coast. On two occasions previous to our wedding on the 8th inst., he had asked me to marry him, but I was at the time unable to decide. When we met during the latter part of July he was more desirous than ever of marrying and I consented, with the result that we were wedded by Rev. J. A. Bernthal, a clergyman residing on Eddy street, San Francisco."

Four days later, Mrs. Miles stated, she received a telegram from her mother in St. Joseph, telling of her serious illness and practically commanding her immediate return.

"Before we were married, Mr. Miles told me he would follow shortly, as soon as he could straighten out some of his financial affairs, which he had told me even before we were married were not exceedingly bright, owing to the fact that his father had taken toward him."

"While I was with him, he displayed no signs of worry or care on any subject save that of money, and even on that there was little opportunity for discussion because of our happiness."

"When I got things settled, we will go to Texas and there have a real home, for I am tired of this city, and about having no ties that really bind me," he told me, and we planned a pretty place of refuge from all worldly cares."

"It was friends who notified me of his tragic end by wire. I at once telegraphed to his parents in this city, telling them to wait until I could return, but they failed even to show me that consolation and when I arrived everything was over. I tried in every way to get his personal effects in San Francisco, but they were all gone. I am sure he wrote and gave a reason for what he did, left some word for me to read, but he has been destroyed. If he did, it has been destroyed."

NOT FOR CHATELAIN.

Mrs. Miles declares she had no thought of securing any of her worldly possessions when she hurried to Los Angeles.

"I came for his funeral. Now that I am here, I don't know whether he had a cent in the world, can't tell whether there is anything left for me or not. As the widow of the deceased, I am certainly entitled to any of the considerations which are given a widow."

While she talked she occasionally broke down and sobbed quietly.

"The whole thing has unnerved me and I shouldn't be doing this," she said.

Her friend, Miss Francis, who was one of the witnesses of the ceremony in St. Joseph, has seen the marriage license according to her statement, assisted Mrs. Miles through her recital. Previous to her marriage with Miles, she was Mrs. Grace Taggart, divorced wife of a prominent politician of St. Joseph.

She had been married previously to that time to James E. Clifford of the same city, who died in a short time after their wedding. Mrs. Miles is a comely little woman, of elegant figure and rather a charming face, one that bears traces of a few years' sorrow and has suffered. She will leave the hotel to take up her residence in the city with relatives.

The father of young Miles was seen yesterday afternoon at his beautiful home, No. 43 Westmoreland place. He admitted that Mrs. Taggart-Miles had called him up several times on the telephone and that he had held two conferences with her at the Angelus. These conferences led to nothing in the shape of a settlement of any kind, Miles declaring that he is waiting for the woman who bears his son's name to make some sort of a move.

FATHER SKEPTICAL.

"I don't know whether he married my son a few days before he killed himself or not," said Miles. "If she did, the fact is easily proven, and I expect to know in a few days whether the marriage occurred or not."

"This woman has not made any demand on me of any sort, and when I talked with her she intimated in no way that she is in any need of money or expects to receive any from me. She must know this, and that is the fact. She could not or would not tell me what she and my son did between that date and the day on which he killed himself. She told me that on the morning of the 13th inst., a few days before my son's death, she was called home by a telegram which announced that her mother was very ill."

Architects Await Action of Board Before Preparing Specifications of New School Buildings.

Preliminary plans for the proposed \$400,000 group of buildings for the State Normal School are completed and the architects, Allison & Allison, displayed the drawings in the board room at the old building yesterday afternoon in the expectation that they would be formally approved and forwarded to the State Engineer in Sacramento for his official seal of approbation.

Only two members of the Normal Board appeared for the meeting, and an effort is being made to secure a quorum for 3 o'clock this afternoon. At this session it is probable that a time will be fixed for the sale of the present school site at the head of Fifth street.

As soon as the preliminary plans are adopted the architects will proceed to look up the various details of the building and the board expects to have the bid advertised and actual construction under way by the first of the year.

Inventory Sale

Greatest Event in
Our 28 Years of Business

This splendid Sale has narrowed down to almost days—ending only until Saturday evening next—it behooves anyone who is buying any musical instrument to at least investigate at once—NOW—while such opportunities as these are available.

Very New and Second Hand Instrument in
Black, Except Steinway
Pianos, Reduced

The lowest of easy terms of payment available on any instrument. We may select from our enormous stock, so rapidly are sales made, we cannot go into details with regard to every instrument, but we can make up a complete list to suit the purpose of the sale.

Public Service: City Hall, Courts.

SUMMARY OF THE DAY.

The Finance Committee of the Harbor Board yesterday turned down the request of the Aqueduct Investigation Board for \$150,000 more, and declared that the Council itself will see to the financing of the board's report.

The estimate of the City Engineer of the improvement of Pacific avenue from San Pedro to the city's waterfront was submitted to the Harbor Board yesterday last night. The total is \$124,732.52, of which the city will pay \$42,500 out of harbor improvement bond funds.

The Mayor proposed a plan yesterday for the immediate voting of \$1,000,000 bonds to continue construction of the distributing system to the aqueduct, the municipality to take up the bond issue with money from the sinking fund, and thus maintain faith with power-bond buyers.

The Harbor Advisory Board decided at night to ask the City Council to appoint an assistant to the special counsel in order to facilitate harbor improvements.

The president of a building company, who is seeking a divorce, was retained by an order of the Superior Court yesterday from disposing of its property before settlement of the suit.

At the City Hall.

ASK FOR MONEY; GET REFUSAL.

COUNCIL WILL HANDLE FUNDS FOR PROBING BOARD.

Retrospect of Finance Committee Says It Agnosed Investigation Board Would Spend City Cash Like It Has the Ten-Thousand-Dollar Appropriation He Would Shut Off.

"I wouldn't trust those fellows with more money if they spend it like they have the \$10,000 they have," declared Councilman Retrospect yesterday afternoon at the meeting of the Finance Committee, when he requested of the Aqueduct Investigation Board for an additional appropriation of \$150,000 came before the committee. The board wants the money to use in completing its work and to publish its findings. It proposes to print and circulate 50,000 copies of its report.

The ordinance doesn't call for the publishing of that report and the limitation of "thousands of copies," continued Retrospect, "but it does in the ordinary way and then we can take up the subject of publishing it. We'll treat them just as well as we would treat anybody, but it's not in favor of making this appropriation. We can see to printing and will look after the publishing of the report ourselves."

Councilman McKenzie assented and the investigating board didn't get its recommendation for an appropriation.

In the board's resolution wherein it asks for the additional appropriation of \$150,000, it states that the authority of the ordinance creating the board, it has incurred expenses which will amount to nearly \$100,000. It will be required to expend the further sum of \$150,000. The resolution states that the spirit, intent and meaning of the ordinance contemplate giving wide publicity to the report of the board, and that otherwise the people would obtain no substantial results from the investigation demanded by their vote.

HARBOR HIGHWAY.

PACIFIC AVENUE ESTIMATES.

The Harbor Advisory Board last evening received the estimates of City Engineer Hamilton on the improvement of Pacific avenue, San Pedro, for its full width, as proposed by the property owners at the harbor town. The total estimate for the main work is \$124,732.52, and for the change in grade on side streets and repairing of these streets, \$13,844.

The estimate shows a total of 75,177 cubic yards of excavation at \$22.85 per cubic yard, \$1,706.04; asphalt paving, \$78,766.04; concrete sidewalks, \$1,245.75; granite block gutters at street intersections, \$2,324.25; culvert at Olive street, \$600; catch basins, \$750; macadam of 30-foot street to connect Wilmington and San Pedro roads, \$198; engineering incidental, \$100.

The board voted to refer these estimates to the special committee of the Harbor Board, which is investigating the estimate of the Aqueduct Investigation Board. They are to furnish answers of damages to property, rights of way for widening where required, and the balance of the money needed for this improvement over the \$82,000 which the Harbor Advisory Board has agreed the city shall pay as its portion of the expense of the improvement out of the harbor improvement bond funds.

NEW BOND PLAN.

IDEA OF THE MAYOR.

The Mayor has a new bond plan for furnishing money with which the Los Angeles Aqueduct Bureau may keep working on the completion of the distributing system that is to bring the aqueduct waters down from the San Fernando reservoir.

About \$1,000,000 will be needed between now and the first of January in order to carry on this work at the best advantage. The rights of way have been secured for the Franklin Canyon tunnel route and work is in progress at the upper end. The money must be forthcoming to continue this work.

The Mayor proposes that the city make a bond election as speedily as possible, and that the proposition of selling \$1,000,000 in bonds be submitted. These bonds to be taken by the city itself, so as not to come in conflict with the agreement made with the bondholders when the power bonds were sold, that no further bond issues would be put on the public market until after the first of next year.

The city now has in its sinking fund \$750,000 and it will have \$800,000 more in this fund by the first of the year. The Mayor proposes that this money should be used to purchase the suggested \$1,000,000 bond issue, so that faith may be kept with the power bond buyers and yet the city shall have funds to proceed with the Franklin Canyon line. This, he argues, would have at least four months' time on the construction, instead of waiting until after January 1 to call for a bond election.

Bulldozed Estimates.

The Harbor Advisory Board last evening received the estimates of the City Engineer on the improvement of Pacific avenue, San Pedro, for its full width, as proposed by the property owners at the harbor town. The total estimate for the main work is \$124,732.52, and for the change in grade on side streets and repairing of these streets, \$13,844.

The estimate shows a total of 75,177 cubic yards of excavation at \$22.85 per cubic yard, \$1,706.04; asphalt paving, \$78,766.04; concrete sidewalks, \$1,245.75; granite block gutters at street intersections, \$2,324.25; culvert at Olive street, \$600; catch basins, \$750; macadam of 30-foot street to connect Wilmington and San Pedro roads, \$198; engineering incidental, \$100.

NEW BOND PLAN.

IDEA OF THE MAYOR.

The Mayor has a new bond plan for furnishing money with which the Los Angeles Aqueduct Bureau may keep working on the completion of the distributing system that is to bring the aqueduct waters down from the San Fernando reservoir.

About \$1,000,000 will be needed between now and the first of January in order to carry on this work at the best advantage. The rights of way have been secured for the Franklin Canyon tunnel route and work is in progress at the upper end. The money must be forthcoming to continue this work.

The Mayor proposes that the city make a bond election as speedily as possible, and that the proposition of selling \$1,000,000 in bonds be submitted. These bonds to be taken by the city itself, so as not to come in conflict with the agreement made with the bondholders when the power bonds were sold, that no further bond issues would be put on the public market until after the first of next year.

The city now has in its sinking fund \$750,000 and it will have \$800,000 more in this fund by the first of the year. The Mayor proposes that this money should be used to purchase the suggested \$1,000,000 bond issue, so that faith may be kept with the power bond buyers and yet the city shall have funds to proceed with the Franklin Canyon line. This, he argues, would have at least four months' time on the construction, instead of waiting until after January 1 to call for a bond election.

name of Santa Monica boulevard restored.

Felix Viole has also sent to the Council a letter in which he urges that the old name of Santa Monica boulevard be retained, because of its long use and the fact that the road leads to Santa Monica, one of the best-known beach points, and suggesting that the Santa Monica avenue in the southwestern part of the city be changed to Exposition boulevard, because that Court position in connection with Exposition Park.

Has a New Plan.

John A. Dicks of No. 512 East Twenty-second street yesterday sent to the City Council a rough draft of a plan proposed for a new City Hall on the present site and extending through to Spring street. He proposes a fire-proof concrete structure twelve stories in height, and says he wants to see the color of the "gentle" hair who has a better plan.

Will Fill the Lake.

The filling of the new boat-house and bandstand at the lake at Hollenbeck Park will be sufficiently set by the first of next week to allow the lake to be filled with water to begin. The lake has been dry for months, while a storm sewer was being laid through its bed, and while the boat-house foundation was under construction. It is the purpose of the Park Commission to stock Hollenbeck lake with blue perch and goldfish. These fishes are vegetarians and are expected to keep down the long water grass that heretofore has helped a nuisance in this lake. The lake is to be filled direct from the city's water main, a certain amount being pumped into the lake until the proper level is reached.

Reed Represents City.

The Finance Committee yesterday recommended that the Council appropriate \$50 for a membership in the League of American Municipalities. The City Clerk, Reed, has made the annual assembly, which will take place at Berkeley from September 23 to 25.

City Hall Briefs.

The Fire Commission yesterday approved Chief Eley's appointment from the city service certified by Walter R. Post and Robert C. Reed, as firemen.

The Fire Commission yesterday received formal notification from the City Council that the sum of \$500 has been allowed for the purpose of helping extend the annual convention of fire chiefs of the Pacific Coast here September 9 to 13.

At the Courthouse.

LAW RESTRAINS PROPERTY SALE.

JUDGE SHARPLY QUESTIONS MAN SEEKING DIVORCE.

President of Building Company, According to Own Estimate, Is Worth Little, but It Is Learned He Recently Had Valuable Income Property—Allowance.

The business acumen of S. Morris, president of the National Construction and Building Company, was pitted against the keen questioning of Judge Morris yesterday in the matter of preliminary allowance for counsel fees. Morris is suing for a divorce.

Morris was apparently somewhat embarrassed when he took the witness stand. He said that Mrs. Anna Morris could not hear him, and asked the judge to make him speak louder.

Morris, according to his own story, is only moderately well-to-do, but the preliminary questions of counsel brought out the fact that he owned 30,000 shares of the building stock in the company of which he is president; that he owned a short time ago property in Goldfield which was sold for taxes and he received \$100,000; and that he had property in Bakersfield.

Morris said his property in Goldfield was sold for taxes and he received \$100,000; and that he had property in Bakersfield.

DAY FOR ARGUMENT.

CITY'S SUIT CONCLUDED.

Testimony in the city's condemnation suit to acquire certain harbor land, in which a jury in Judge Bondell's court will be asked to fix a value for lots in blocks 32 and 33, San Pedro, was concluded yesterday. The court announced that but one day will be given to argument. The case may reach the jury late this afternoon or tomorrow morning.

The suit is a counterpart one for on the land the city is seeking through condemnation proceedings it is proposed to rear municipal warehouses.

The evidence was taken to the valuation of the improvements on the property. F. D. Howell, an engineer, was asked the cost of grading the tract. He said that about 250,000 cubic yards would have to be handled at an estimated cost to the city of \$140,000.

On cross-examination, the witness said that had the grading been done at the time the Miner fill was being constructed the cost would have been much less, or about 16 cents a cubic yard. He said to protect adjacent property a retaining wall must be built. This alone will cost about \$2 a cubic yard, he said.

J. A. Anderson testified that the value of the land in question, in his judgment, is about 76 cents a square foot in block 32, and 60 cents in block 33. The defense moved to strike out Anderson's testimony, but the court refused to do so.

George H. Peck, one of the defendants. The court allowed his valuation to be incorporated in the records as the witness said he had no knowledge of Peck's connection with the case.

LEAVES GOOD JOB.

NO WORK PENDING DIVORCE.

G. E. Hunt, defendant in a divorce action by Mrs. Lillian Hunt, told Judge Monroe yesterday when the matter of fixing allowance was under consideration that he quite a \$100-a-month job while the divorce was pending. He said he was superintendent of a concentrating company for several years, but resigned some time ago.

He declared he has only \$25 on hand, but admitted the possession of

\$5000 in life insurance on which he can borrow. He said he will depend on his friends until the divorce case is settled. His wife charges him with cruelty.

After hearing from Mrs. Hunt, who has been living in the same house with her husband, the court ordered Hunt to vacate the premises and pay his wife \$40 a month temporary alimony.

OBJECTS TO PIPE LINE/ GUARDIAN SUES FOR CHANGE.

Louis P. Boardman, as guardian for Benjamin F. Porter, brought suit yesterday in the Superior Court against the General Pipe Line Company of California. He asks that the defendant be enjoined from running its line along a road given the company by the plaintiff for the sole purpose of a highway.

A similar suit filed by Mrs. Porter, the mother, was compromised. She has since become Mrs. Fred L. Boardman.

The petition sets forth that the line in question was donated to the county in 1904 for the understanding that it should be used for a highway. The plaintiff objects to the laying of the pipe line for about 750 feet, which fronts his land in the San Fernando Valley.

HIGH AND LOW.

TWO DAMAGE ACTIONS.

Two damage actions were filed in the County Clerk's office yesterday. Thomas J. Gorman, of 124,000 Belmont, sued for \$25,000 damages against the City of Los Angeles for injuries sustained October 23, last, when he stepped off a car on Hollywood boulevard. He declares he supposed the car would stop and that he prepared to alight when the motor man put on speed and he was hurled to the ground. The plaintiff enumerates various injuries, some of which he says may be permanent.

Roy L. Congdon brought a suit for \$1000 damages against the Craig Shipbuilding Company of Long Beach. He alleges that while at work February 23, last, his left arm was caught in a defective shafting and severely torn.

REPRESENTATIVE NOW.

FATHER PLEADS FOR SON.

When L. E. Thompson applied to Judge Willis in the juvenile court yesterday for protection on the ground that he had fallen among evil companions and been lead astray, his father eagerly spoke up with tears in his eyes.

Your Honor, if you will let my boy go this time, I'll keep a closer watch on him. I have faith in him and am sure he will come out all right. Judge Willis granted the father's request.

Mrs. Thompson tenderly kissed her boy when he was lead into the courtroom, and showed much emotion during the proceedings.

Thompson, who is about 18 years old, forged the signature of Hallman Brothers to a check on the Pacific Bank in East Los Angeles. The forgery was quickly detected and the young man was arrested.

Judge Willis gave him a fatherly talk on the evil of bad companions and told him he must secure work and report regularly to the probation officer for the next three months.

"If you will you can wipe this stain from your character," said the court.

CHANGE OF RULES.

SUGGESTED BY JUDGE.

When the matter of bills of exceptions comes up in court it has been suggested that the rule on the subject by the Supreme Court so a judge other than the one who presided at the trial can settle the exceptions.

The case of H. A. Unruh, in charge of the Bakersfield branch of the Pacific Electric Railway, came up yesterday for hearing. It was originally heard by Judge Baker in the county court.

The judge ruled so that the case will work a hardship on that judge to come here merely to hear argument on the settlement of a bill of exceptions.

Judge Gestford, who is sitting here this week, suggested to the lawyers that the Supreme Court be asked to alter the rule so that the judge who could hear the motions and other matters preparatory to appeal, might be asked to settle the exceptions.

The original case was an action of eminent domain and was won by the plaintiff.

COURTHOUSE NOTES.

BREVIETTES MISCELLANEOUS.

QUIET TITLE. Mary L. Conlon brought suit yesterday against Josef Rubo to quiet title to certain land in the Goodes subdivision.

QUIT SUPPORT. After many years the husband of Mary Colan tired of supporting her, according to her petition for maintenance filed yesterday in the Superior Court. They were married in 1898 and until recently, she says, he gave her comfortable support. She now claims he has \$3000 worth of property and a salary of \$100 a month.

PRESIDES THIS WEEK. Judge Henry C. Gestford of Napa county is presiding in Department Ten this week, while Judge Willis is in the other departments. Many of the judges are away and Judge Willis is one of the busiest men in the Courthouse.

LONG CALENDAR. One of the longest law and motion calendars ever heard by Judge Monroe was apparently disposed of yesterday by him. In all there were fifty-three cases to be tried, or to otherwise dispose of.

INCORPORATIONS. Southern California Acme Company, Incorporated, J. A. Townsend, Louis E. Mulligan, E. W. McSpadden, W. A. Mulligan, G. W. McCall, A. H. Katschke, A. A. Haskins; capital stock, \$25,000; subscribed, \$7. Temescal Rock Company, Incorporated, L. J. Lee, A. B. Fitch, William Hall, Max E. Fitch, Duke Stone; capital stock, \$500,000; subscribed, \$500.

ALLEGED "WHITE SLAYER."

Man Arrested in Arizona Charged With Bringing Women From Northern States—May Be Tried Here.

Information was received yesterday at the United States Marshal's office that Deputy Anderson, of Phoenix, had arrested Frank Martin, alias Frank Doyle, at Florence on the charge of violating the "white slave" law.

On the 17th inst. a complaint was filed in the United States District Court by Josie Martin, charging Martin with having brought her to Los Angeles from Portland, Or. Martin left the city and went to Phoenix, where it is charged he secured two other women, and his arrest followed.

It is in this connection that the city clerk has been asked to prepare this city for preliminary examination and trial.

IN THE INTERIOR COURTS.

Mexican Shoots at Car Because Motorist Refuses to Stop for Him. Apparently Hits Nothing.

Because a motorist refused to stop for him, Jos Martinez, an old man, whipped out a revolver and took a pot shot at a car at First and Los Angeles streets, yesterday.

According to the best information of Patrolman Leland, who arrested Martinez, the man missed everything. That is to say, he hit nothing at all.

"Pretty poor aim," mused the court. "As no one appears to have been injured, we'll let you off easily with thirty days in the City Jail."

It was all because Martinez stood on the wrong side of the street when he hailed the car.

Jury Trials Demanded.

A Garlich and John Mikalovich, proprietor and bartender of an alleged "blind pig" at No. 411 Ord street, who were arrested Sunday, the place being raided twice, once in the morning and the second time in the afternoon, pleaded not guilty when arraigned before Police Judge Frederickson yesterday.

They were charged with having sold liquor without a license. Both demanded jury trials, and their cases were set for December 13. The men were released on bail.

Echo of Fatal Riot.

M. Moreno, an alleged young high-wayman who was the cause of a riot at the Plaza on the 11th inst., which resulted in the killing of a man, Leonidas Quiroga, was shot and instantly killed by Patrolman J. E. Perry, was bound over yesterday to the Superior Court under \$1500 bonds by Police Judge Rose. Moreno is accused of having held him up and robbed him of a gold watch and chain. The fatal riot was caused by fellow countrymen trying to prevent Patrolman Perry from arresting Moreno as he ran toward the Plaza.

Chop, Passer Arraigned.

A. H. Lindsay, alias Bert Greenwood, brought back Saturday from Denver by Detective Zeigler to answer to a charge of having issued fictitious checks, was arraigned before Police Judge Rose yesterday. He will be given his preliminary examination today. Lindsay, who is accused to have confessed, is held under \$1500 bail.

Two Alleged Murderers.

Two alleged murderers were arraigned before Police Judge Frederickson yesterday afternoon. Thomas Escoto, charged by Detective Talamante with the killing of Hans Plisch, a Slavonian, by stabbing him during a saloon brawl at Ord and North Broadway, was committed for examination on the 25th inst. Jose Valdes, 20 years old, accused by the same detective with having caused the death of a man, was committed on the 19th inst. will have his case set for examination on the 30th inst. Valdes, with Jose Bartino, are accused of having robbed and killed John Barreiro on the 15th of July at Thirty-eighth and Alameda streets.

Colored Gamblers Fined.

Thirty colored gamblers caught early Sunday morning in a raid by the Metropolitan Squad, in clubrooms at 7th and Alameda streets, were each fined \$15 or fifteen days yesterday by Police Judge Frederickson. Some of the gamblers were released on \$100 cash bail, and their bail was declared forfeited. Some pleaded guilty and others were convicted.

GROCERY STORE BURNED.

Twelve hundred feet of 3 1/2-inch chemical hose was laid yesterday afternoon in an effort to reach a burning grocery store at No. 3239 Indiana street, just outside the city limits. The fire had made such headway before it was discovered that the store of the fire department amounted to little. The building and contents were valued at \$1200, partially covered by insurance. J. O. Beebe owned the store and J. G. Shiller the contents. The origin of the fire is unknown.

COMMISSIONER COMING.

Fred L. Dennett, commissioner of the General Land Office, Washington, will make an official visit to the local land office September 5. It is expected that he will remain several days attending to various matters connected with the land department work.

Here is a message of hope and good cheer from Mrs. C. J. Martin, Boone

Borrow and Pay Our Way

We loan money to help you pay off an existing encumbrance on your property.

An ordinary mortgage is the most difficult thing in the world to get rid of. You never seem to have enough cash on hand when the mortgage comes due, consequently you must get a renewal and go on paying interest year after year. The interest you have paid soon amounts to more than the original loan, and is a constant drain on your resources.

You could not possibly have gotten yourself into such a condition if you had borrowed the money from us. We arrange the loan so that you can pay principal and interest as easily as you now pay the interest alone.

Transfer your mortgage to us. By our system you can make a small payment each month which will apply on both principal and interest. The loan is paid off gradually, so that you do not feel any strain, and with each payment on the principal the interest is reduced proportionately.

Write for our loan folder explaining our method fully.

PACIFIC COAST LEAGUE BATTING AVERAGES

[illegible]

Game to Foundations—Tackles Will Bear Brunt of Attack.

LE MUST BEAR BRUNT.

matter of cold fact, if anyone be so termed regarding the American game, the eastern football authorities must be worried over the tackle position. Here is where the battle will fall this season, the offense and on the defense.

For the past season, I find that the games last week the pass rarely went over the twenty-yard mark, and the old days when the would-be length of the field required very all of the long ones to get by. Most of the successful and sound gain- ing passes were "trapped" inside the twenty-yard mark, and the big made after the runner has carried the ball down the field, after being well protected.

There would be no longer pass working, there will be less danger of its being intercepted and brought back up the field for long gaps by the team on the defense when the pass is made. This was the one bad feature of the twenty-yard line limit, and the reason the defense would crowd around the man about to take a pass and grab it out of his hands. It was broken up more than one game. It gave the light fast men a chance and advantage. I

DEVELOPS HOT FIGHT.

SEVIERVILLE, AUG. 28.—There is a very lively war on over the proposed game deer law on the part of the game warden and the tax payers. Beginning September 1, the game warden has been given the privilege of closing the season of the fight, which will be presented to the taxpayers of this entire county.

to open September in the Visalia people charged the principal purpose of the proposed fight was to benefit the few Porters and other wealthy sportsmen who could take their vacations in the season. In answer to this charge the sportsmen and associations say in an affidavit that the fight will be for business, will fight again September 15, and that the place at the Olympia Athletic Club of Philadelphia and Leach's opponent will be Teddy Maloney, the strong Quaker lightweight, whom he will meet for six rounds. Maloney has been substituted for Groves.

BRING BACK BEAR STORIES.

Thrilling Experiences of
Glendale Hunters.

Big Game in Plenty Near
Kernville.

Trapped Black Bear Chased
the Chasers.

GLENDAL, Aug. 25.—Thrilling series of experiences in the capturing of three mammoth bears in the mountains in Kern county were brought to the city this week by a party of four men, with Wallace Tupper, an experienced trapper and hunter of this area, as guide. The party included in addition to Wallace Tupper, Dr. George Cox of Eagle Rock, Jack Reed and H. C. Tupper of this city.

A little over a month ago the party went from this place to Kernville, Kern county, by auto. From that place with a pack train of seven horses the men started for the Bull Run area, situated about twenty miles northwest of Kernville by a hidden trail known only to young Tupper and Dr. George Cox, a noted guide. The expedition was reached at the end of the first day and camp was made the following morning.

The party took with them a number of traps, among which were three bear traps. They also took with them in old horse which they killed for bait. It was their intention to remain four days before using it. Tupper is a natural born hunter and as he knows the Bull Run basin like a book he located the bear traps in locations that would be most likely to produce game. Within a week after making camp Tupper surprised the other members of the party by entering camp and telling them that a bear had been trapped. The animal was soon killed and brought into camp. The same day Tupper brought in a deer which the campers used for meat. The first bear caught was brown and weighed about 150 pounds.

CATCHING THE BEAR.
In the capture of the second bear Tupper relates a unique experience. "I was standing on a point of hill overlooking the valley," says Tupper, "when I looked toward a clump of bushes where one of my traps was

McLOUGHLIN CHAMPION.

(Continued from First Page.)

from California has developed a net attack which sweeps his opponents off their feet. It is spectacular and is always popular with the gallery. Twice McLaughlin has journeyed to Australia as one of the American team, Davis cup.

In 1909 his companion to Australia was Melville H. Long of California. Last year he went with Larned and Wright and in the final match of the series played Norman E. Brooks to the limit of five sets.

McLaughlin is one of the few American players who devoted considerable attention to training for his contests. His physical condition is always perfect.

SUMMARY OF PLAY.

First set: Johnson . . . 4 0 4 2 4 4 4 4—21-6
McLaughlin . . . 0 4 1 4 2 6 1 3 3—25-3
Johnson aces by placement, 7; by opponent's out, 12; by opponent's net, 10; by double faults, 2; totals, 31.

McLaughlin aces by placement, 11; by opponent's out, 8; by opponent's net, 5; by service aces, 2; totals, 26.

Second set: McLaughlin . . . 3 2 5 4 5 4 1—25-3
Johnson . . . 2 4 4 1 0 4 4 0—21-6
McLaughlin aces by placement, 10; by opponent's out, 7; by opponent's net, 6; by service aces, 4; totals, 28.

Johnson aces by placement, 3; aces by opponent's out, 6; by opponent's net, 6; by service, 1; by double faults, 1; totals, 21.

Third set: McLaughlin . . . 4 0 2 4 4 0 0 4—23-6
Johnson . . . 2 4 4 1 0 4 4 0—21-6
McLaughlin aces by placement, 11; by opponent's out, 7; by opponent's net, 6; by service aces, 4; totals, 28.

Johnson aces by placement, 3; aces by opponent's out, 6; by opponent's net, 6; by service, 1; by double faults, 1; totals, 21.

Fourth set: Johnson . . . 4 4 4 1 4 1 0 1 0—26-4
McLaughlin . . . 1 1 4 2 4 5 4 4 4—35-6
Johnson aces by placement, 16; by opponent's out, 9; by opponent's net, 5; by service aces, 2; totals, 26.

McLaughlin aces by placement, 12; by opponent's out, 9; by opponent's net, 5; by service aces, 1; by double faults, 2; totals, 29.

Fifth set: Johnson . . . 1 0 4 2 2 4 5 3—22-6
McLaughlin . . . 4 4 6 5 3 2 3 5—33-8
Johnson aces by placement, 6; by opponent's out, 7; by opponent's net, 2; by service aces, 1; by double faults, 2; totals, 22.

McLaughlin aces by placement, 12; by opponent's out, 10; by opponent's net, 6; by service aces, 4; by double faults, 2; totals, 34.

EAST WINS.
[By Federal (Wireless) Line to The Times.]
NEWPORT (R. I.) Aug. 27.—[Special Dispatch.] East defeated West in the special mixed doubles match for the Newport prize cup this afternoon.

Mrs. Barger Wallace of Newport, former holder of the national woman's title, and N. W. Niles of Boston, single champions, won from Miss Mary Browne of San Francisco, national woman's champion, and C. B. Herd of Pasadena, holder of the international title, two sets out of three by the score of 6-4, 1-6, 7-5.

SACRAMENTO RACES.
SAN JOSE, Aug. 25.—[By A. P. Night Wire.] Official announcement was made today that the grand circuit harness race here will be held in conjunction with the county fair September 9, 10, 11, 12 and 13.

The original plan was to have the grand circuit races, which will come to this city after the meeting at Salem, Or., race up to and including the 15th, on which date the fair will end, but State fair officials objected because the horses must be in Sacramento on the 15th to open the racing programme of the State Fair. Over 200 horses will compete here and the actual purse will be \$5500. Silver cups worth \$2500 more.

SPECIAL MATCH.

SACRAMENTO RACES.
SAN JOSE, Aug. 25.—[By A. P. Night Wire.] Official announcement was made today that the grand circuit harness race here will be held in conjunction with the county fair September 9, 10, 11, 12 and 13.

The original plan was to have the grand circuit races, which will come to this city after the meeting at Salem, Or., race up to and including the 15th, on which date the fair will end, but State fair officials objected because the horses must be in Sacramento on the 15th to open the racing programme of the State Fair. Over 200 horses will compete here and the actual purse will be \$5500. Silver cups worth \$2500 more.

SPECIAL MATCH.
[By Federal (Wireless) Line to The Times.]
NEWPORT (R. I.) Aug. 27.—[Special Dispatch.] East defeated West in the special mixed doubles match for the Newport prize cup this afternoon.

Mrs. Barger Wallace of Newport, former holder of the national woman's title, and N. W. Niles of Boston, single champions, won from Miss Mary Browne of San Francisco, national woman's champion, and C. B. Herd of Pasadena, holder of the international title, two sets out of three by the score of 6-4, 1-6, 7-5.

HORINE STALE AT GAMES SAYS OLYMPIC CHAMP ROSE.

Stories About Jumper's Style Not Being Allowed Are Untrue, Declares Big Fellow Just Returned from Stockholm—Tales of England's Grouch Started by Rival Newspapers, He Says.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, Aug. 25.—[Exclusive Dispatch.] Ralph Rose, winner of the world's championship in the two-handed shot put at the Olympic games in Stockholm, arrived home this morning, after having toured Europe and participated in many track and field meets. Rose appears bigger than ever, but says that he is in fair form, and weighs but 218 pounds.

Rose has only words of praise for the way the American athletes were treated in Europe.

He says the athletes and officials of other nations were most courteous to all American athletes, and the comment coming from England was caused by the rival newspapers there.

The Olympic Club, giant has won many championships since he left here in May. Besides taking the title at Stockholm, he established a new record at Copenhagen, where he put the shot 11 ft. in a circle a little larger than the one in use here and with a toe board.

MAKES RECORD.
At Malma, in Sweden, he made a heave of 21 ft. and at Berlin in a raised circle, to which he was not accustomed, he made a put of 52 ft. 5 in., all of which were new records. He also established a new record at Berlin in the Kugel stone throw. This was the first time he had ever seen a Kugel stone, but he watched a Greek put it, and following his style made a heave of 32 ft. with the 42-pound stone. This was a new world's record for the event.

In explanation of his defeat at Stockholm in the shot put with both hands by Pat McDonald, the New York policeman, Rose said that the conditions were entirely against him.

"In the first place," said Rose, "they told us we must start the event at 8 o'clock in the morning. I had never in my life tried to put the weight at that hour, and I found considerable difficulty in loosening up my muscles. Then, too, they had a sinking ring with loose dirt to which I was not accustomed. You know that I never made a foul throw at home, but over there at Stockholm I was guilty of fouling twice. On one of these fouls I made a put of 51 ft.
